Zoning District Map

PART I

SECTION 1 - INTRODUCTION

1.1 Title

This bylaw shall be known as the "*Zoning Bylaw of the Rural Municipality of Canwood No. 494.*"

1.2 Scope

All development within the limits of the municipality shall be in conformity with the provisions of this bylaw.

1.3 Severability

If any part of this bylaw, including anything shown on the zoning district map, is declared to be invalid for any reason, by an authority of competent jurisdiction, that decision shall not affect the validity of the bylaw as a whole, or any other part, section or provision of this bylaw.

SECTION 2 - ADMINISTRATION

2.1 Development Officer

The Rural Municipal Administrator shall be the Development Officer responsible for the administration of this bylaw.

2.2 Referrals to Council

The Development Officer may submit any application to Council for a decision on the interpretation of the bylaw, or upon special conditions provided for in the bylaw, and shall inform the applicant of the date and time when Council will consider the matter. Council or the Development Officer may require the applicant to provide such further information as they require to make a decision.

2.3 Application for a Development Permit

- (1) Subject to Clause (2), every person shall obtain a development permit *before* commencing any development within the municipality, except as listed in Section 2.4.
- (2) In the *F-Forest District*, a development permit is required only for a discretionary use.
- (3) The application for development shall be in the "Form A" as adopted or amended by resolution of Council.
- (4) The application shall have attached a layout or site plan as required in the application form or by the Development Officer, together with any other information needed to assess the application.

2.4 Development Not Requiring a Permit

- (1) Development permits are not required for the following only, unless stated otherwise in this zoning bylaw: **[2012-9]**
 - (a) *Accessory Farm Buildings and Structures*: Farm buildings and structures (**but excluding any I.L.O. structure, or new dwelling**) where accessory to a permitted agricultural use or existing farmstead.
 - (b) *Public Utilities*: Any operation for the purposes of inspecting, repairing, or renewing sewers, mains, cables, pipes, wires, tracks or similar public works as required by a public utility, and the installation of service connections to property in the municipality. (A permit is required for the installation of new transmission lines).
 - (c) *Municipal Facilities*: Any facility installed and operated by the municipality.
 - (d) *Signs*: Subject to the provisions of Section 3.6.
 - (e) *Fences or accessory buildings* less than 9.3 square metres (100.11 sq. ft.) in size.
 - (f) *Resource use developments* in the F-Forest District, except for permanent buildings.
- (2) Development listed in Clause (1) must be allowed in the district in which they are located and must comply with the regulations of this bylaw.
- (3) In a Lakeshore District the following uses on Municipal and/or Environmental Reserve Lands do not require a permit **[2012-9]**
 - (a) Benches for public use
 - (b) Lawn/patio furniture and ornaments that are temporary and easily removed
 - (c) Pedestrian pathways not including stairs
 - (d) Sports and games that will have a low impact on the land
 - (e) Temporary landing of small watercrafts and water equipment

2.5 Issue of Permits

- (1) Upon completion of the review of an application for development, the Development Officer shall:
 - (a) issue a development permit for a permitted use, where the application conforms to this bylaw, incorporating any special regulations, performance standards or development standards authorized by this bylaw; or
 - (b) issue a refusal, where the application does not comply with a provision or regulation of this bylaw, stating the reason for refusal; or
 - (c) submit the application to Council for decision, where the application is for a discretionary use.
- (2) Council shall make a decision on a discretionary use, by resolution which instructs the Development Officer to:

- (a) issue a development permit incorporating any specific development standards set forth by Council, subject to the limitations of the Act and in accordance with the provisions of this bylaw; or
 - (b) issue a notice of refusal to the applicant, stating the reasons for the refusal.
- (3) The permit or notice shall be in "Form B" as adopted or amended by resolution of Council.

2.6 Building Permits, Licences, and Compliance with Other Bylaws

- (1) Nothing in this bylaw shall exempt any person from complying with a building bylaw, or any other bylaw in force within the municipality, or from obtaining any permission required by this, or any other bylaw of the municipality, the province or the federal government.
- (2) A building permit, where required, shall not be issued for a development unless a required development permit has been issued.

2.7 Development Appeals Board

- (1) Council shall appoint a Development Appeals Board in accordance with Sections 71 and 91 to 104 of the Act.
- (2) On "Form B", a development permit or notice of refusal, the Development Officer shall advise the applicant of the rights of appeal granted by the Act.
- (3) A person who wishes to appeal shall, within 30 days of receiving the permit or notice, provide a written notice to the secretary of the board and include the applicable fee.

2.8 Fees and Advertising

- (1) *Amendment of the Zoning Bylaw* - Where a person requests Council to amend the Zoning Bylaw, that person shall pay to the municipality a fee equal to the costs associated with the public advertisement of the proposed amendment.
- (2) *Advertisement of a discretionary use application* - Prior to making a decision on a discretionary use application, Council will provide notice of the application 10 days prior to the meeting to consider the application in accordance with the following procedure:
 - (a) in the case of an intensive livestock operation, game farm or hunt farm operation, by at least one or more of the following procedures:
 - (i) providing written notice to assessed owners of property within 4.8 kilometres (3 miles) of the building site;
 - (ii) providing notice in one issue of a newspaper published or circulated in the municipality; or
 - (iii) posting the site.
 - (b) in the case of an intensive agricultural operation, by providing written notice to assessed owners of property having a common boundary with the applicant's land that is the subject of the application.

(c) in the case of discretionary residential or ancillary uses in the AR – Agricultural Residential District, written notice shall be provided to assessed owners of property within 75 metres of the boundary of the applicant’s land as per Section 55 of the *Planning and Development Act, 2007*. [2014-07]

(d) in the case of discretionary uses in districts other than the AR - Agricultural Residential District, by providing written notice to assessed owners of property having a common boundary with the applicant's land that is the subject of the application, and Council may publish a notice in one issue of a newspaper circulated in the municipality.

The applicant shall pay to the municipality a fee equal to the costs associated with the public advertisement, serving of notice, and posting of the site, as the case may be.

(e) in the case of all other discretionary uses, written notice is to be provided to assessed owners of property within 1.6 kilometers (1 mile) of the boundary of the applicant’s land, and Council may publish a notice in one issue of a newspaper circulated in the municipality. The notice requirement shall not apply to ancillary manure disposal examined as part of an I.L.O. application. [2014-07]

(3) *Application fees* - An applicant for a development permit shall pay an application fee in accordance with the following:

(a) Development Appeal Fee - \$50

These fees shall be in addition to any fee required by Clauses (1) and (2) above.

2.9 Offenses and Penalties

Any person who violates this bylaw is guilty of an offence and liable, on summary conviction, to the penalties set forth in the Act.

SECTION 3 - GENERAL REGULATIONS

The following regulations shall apply to all Zoning Districts in this bylaw:

3.1 Development on Hazard Lands [2012-9)

(1) If a development is proposed on or near known hazard lands, Council may require the applicant to submit a report prepared by a licensed engineer that assesses the suitability of the site for the particular development on hazard lands. The report shall demonstrate that the proposed development is suitable and list any required mitigation measures for construction on areas of hazard lands. The report required by Council will be determined by what type of hazard is on the lands, for example:

- flood lands – a report may be required to determine if the lands are within the 1 in 500 year flood elevation, or such elevation as may be suitable for the proposed use or building
- slope - a geotechnical report may be required to provide information on the potential for slope instability

- (2) Identified actions contained within the licensed engineer report for hazard avoidance, prevention, mitigation or remedy may be incorporated as conditions to issuance of a development permit. Council shall refuse a development permit or bylaw amendment for any lands for which, in Council's opinion, the proposed actions are inadequate to address the adverse effects or will result in excessive municipal costs.
- (3) When considering applications involving land on or near hazard lands, Council may refer the application to federal or provincial agencies and other relevant environmental agencies for comments prior to reaching a decision. Any costs associated therewith shall be at the applicant's expense.
- (4) Notwithstanding the setbacks determined in each district of this bylaw, building setbacks from unstable slopes shall be as follows:
 - a) a minimum of 30.0 m (98.5 ft), or a lesser distance as specified in a licensed engineer report providing that all required mitigating measures are taken by the developer.
 - b) a minimum of 50.0 m (164.0 ft), in industrial land use districts, or a lesser distance as specified in a licensed engineer report providing that all required mitigating measures are taken by the developer.
- (5) As part of a development permit application, the location of the top of bank shall be determined by a professional land surveyor.

3.2 One Principal Building or Use Permitted on a Site

Not more than one principal building or use shall be permitted on any one site except for:

- (1) public utility uses;
- (2) institutional uses;
- (3) agricultural uses; or
- (4) ancillary uses as specifically provided for in this bylaw.

3.2.1 Lakeshore Development District [2007-5)

- (a) Accessory buildings shall not be constructed or placed on any site prior to the construction of the principal buildings except where a development permit has been issued for a principal building. The Council may, at their discretion, all construction of the accessory building where such building is required for the storage of construction material or equipment. If the principal building is not completed in the time frame as set out in the building permit, or the permit is revoked, the accessory building is to be removed.

3.3 Access

- (1) Development of a farmstead, residence, commercial use, institutional use, or other development requiring public access is prohibited unless the site abuts a developed road.
- (2) For the purposes of this section, "developed road" shall mean an existing graded all-weather road on a registered right of way or a road for which arrangements have been made with the Council to provide for the construction of the road on a registered right of way to a standard approved by Council.

- (3) A site to be created by subdivision shall not be permitted unless the proposed parcels and the remainder of the parcel being subdivided abuts, or has frontage on a registered developed road, including any road to be developed under a signed servicing agreement.

3.4 Mobile Homes

- (1) Wherever a dwelling is allowed, it may be in the form of a mobile home.
- (2) Every mobile home shall bear CSA Z240 certification and shall be attached to a permanent foundation, or securely anchored to the ground and skirted, prior to occupancy.

3.5 Non-Conforming Uses

The provisions of the Act, Sections 113 and 118 inclusive, apply to all non-conforming buildings and uses.

3.6 Signs and Billboards

(1) Signs Located in Highway Sign Corridor

- (a) Signs located in a highway sign corridor shall be regulated entirely by the requirements of "The Erection of Signs Adjacent to Provincial Highway Regulations, 1986" or amendments thereto, and subsection 2 shall not apply.

(2) Signs Other Than in a Highway Sign Corridor

- (a) All signs situated along a highway are required to comply with "The Erection of Signs Adjacent to Provincial Highway Regulations, 1986" as may be amended from time to time.
- (b) Any sign located in other than a highway sign corridor may only advertise agricultural commercial uses, home-based businesses, the principal use of a site, or the principal products offered for sale on a premises.
- (c) A maximum of 2 advertising signs shall be permitted on any site or quarter section.
- (d) Government signs, memorial signs, and directional signs which bear no advertising, including traffic control, no trespassing, hunting restriction and similar signs, are exempt from restriction.
- (e) Temporary signs and real estate signs are permitted only as long as the temporary condition exists for the property.
- (f) Billboard and other off-site advertising signs are prohibited, except in a highway sign corridor.
- (g) All private signs shall be located so that no part of the sign is over a public right of way.
- (h) The maximum facial area of a sign shall be as specified in the district in which it is located.

3.7 Storage of Vehicles

- (1) Notwithstanding anything contained in this bylaw, no person shall use any site in any district for the parking or storage outside of an enclosed building of more than 4 vehicles that are not in running order.
- (2) This section shall not apply to permitted machinery or automotive salvage yards.
- (3) Council may require that such vehicles be screened from roadways or neighbouring properties by landscape features or fences or a combination thereof.

3.8 Public Utilities, Pipelines, and Facilities of the Municipality

- (1) Public utilities and facilities of the municipality, except solid and liquid waste disposal sites, shall be permitted uses in every zoning district, and unless otherwise specified by this bylaw, no minimum site area or yard requirements shall apply.
- (2) Where a pipeline, or other utility or transportation facility will cross a municipal road, Council may apply such special design standards as it considers necessary to protect the municipal interest in the existing and future improvements to the road.

3.9 Solid and Liquid Waste Disposal Facilities

Development and maintenance of a solid or liquid waste disposal facility will be subject to the following special standards as may be specified by Council on issuing a permit:

- (1) A buffer strip containing trees, shrubs or a berm shall be located surrounding a lagoon or sanitary landfill disposal area.
- (2) Any solid or liquid waste disposal facility shall be fenced.

3.10 Home-Based Businesses

Home-based businesses shall be subject to the following conditions:

- (1) The use is clearly ancillary to the use of a farmstead as an agricultural operation or the dwelling unit as a private residence.
- (2) The operator of the business is a resident of the dwelling unit and, in the case of a farmstead only, up to two non-resident employees may be employed at the site. Any employee shall be directly under the hire and management of the operator of the business. Where the business is of a building or service contractor, additional employees may be involved only at the client building site.
- (3) No variation in the residential or residential farm character and appearance of the dwelling, ancillary residential building, or land shall be permitted, except for permitted signs.
- (4) The permitted use shall be valid only during the period of time the property is occupied as a residence of the applicant for such permitted use.
- (5) All permits issued for home-based business shall be subject to the condition that the permit may be revoked at any time if, in the opinion of Council, the conditions under which the permit was originally issued are no longer met.

3.11 Vacation Farms and Bed-and-Breakfast

Vacation farms and bed-and-breakfast homes shall be subject to the following requirements:

- (1) Vacation farms shall be ancillary to an agricultural farm operation and located on the same site as a farmstead, and may include bed-and-breakfast, cabins, and overnight camping areas.
- (2) A maximum of five cabins shall be permitted as part of a vacation farm operation.
- (3) On-site signs shall be permitted in accordance with Section 3.6. Off-site signs not exceeding 0.5 square metres (5.3 sq. ft.) may be permitted at the discretion of Council where necessary to provide directions from a highway to the operation.
- (4) Vacation farms and bed-and-breakfast operations shall be licensed pursuant to the *Public Health Act* where tourist accommodations require health approval.
- (5) Bed-and-breakfast operations shall be located in a single detached dwelling used as the operator's principal residence, developed as a farmstead or residence, or located in a dwelling accessory to and established on the same site as the host principal residence.

3.12 Campgrounds

- (1) The operator of a campground shall provide the Development Officer with a plan of the campground, identifying any buildings, uses of land and the location of all roadways and trailer coach or tent campsites with dimensions. The addition or rearrangement of campsites, the construction or moving of buildings, the material change in use of portions of land, or the filling or clearing of land shall require a development permit, and the operator shall submit for approval an amended plan incorporating the development.
- (2) A campground shall have within its boundaries a buffer area abutting the boundary of not less than 4.5 metres (14.76 ft.) which shall contain no buildings.
- (3) The operator of a campground shall designate a campsite for each trailer coach or tent party, which shall be less than 150 square metres in area with its corners clearly marked.
- (4) No portion of any campsite shall be located within a roadway or required buffer area.
- (5) Each campsite shall have direct and convenient access to a developed roadway, which is not located in any required buffer area.
- (6) Each trailer coach shall be located at least 4.5 metres (14.76 ft.) from any other trailer coach, and each campsite shall have dimensions sufficient to allow such location of trailer coaches.
- (7) The space provided for roadways within a campground shall be at least 7.5 metres (24.6 ft) in width. No portion of any campsite, other use or structure shall be located in any roadway.
- (8) No trailer coach shall be stored on any campsite when the campground is not open.
- (9) A campground may include as ancillary uses a laundromat or a confectionery designed to meet the needs of the occupants of the campsites, and one single detached dwelling for the accommodation of the operator.

(10) *The Public Health Act* and the Regulations passed thereunder shall be complied with in respect to all operations and development of the campground.

3.13 Long-Term Campgrounds [2012-9)

- (1) The following uses shall be allowed within the long-term campground site:
 - (a) Trailer Coach or Recreational Vehicle as defined in this bylaw
 - (b) Recreational uses such as sports fields, parks, playgrounds, picnic grounds, lodges, hiking and cross country trails and other similar uses
 - (c) Public utilities, excluding solid and liquid waste facilities.
 - (d) One (1) storage accessory building per campsite that does not exceed 9.29 sq. m (100 sq. ft) and that receives building permit approval, if necessary.

- (2) The following uses are prohibited within the long-term campground:
 - (a) Dwelling units on permanent foundations
 - (b) All forms of mobile homes
 - (c) Modular Homes
 - (d) Trailer coaches or trailer homes with axles and/or wheels removed
 - (e) Tents, truck campers, tent trailers, or converted buses.
 - (f) Home Based Businesses
 - (g) Outhouses
 - (h) Partially dismantled or inoperative vehicles.

- (3) The long-term campground shall meet the following criteria:
 - (a) Only one Trailer Coach or Recreational Vehicle shall be permitted on each campsite.
 - (b) The Trailer Coach or Recreational Vehicle on a campsite shall be equal to or less than 15 years in age.
 - (c) The Trailer Coach or Recreational Vehicle shall not be made permanent through the removal of axels and/or wheels.
 - (d) The Trailer Coach or Recreational Vehicle shall be a self-contained unit and connected to the communal water and sewer facilities that service the lot. Where no communal water or sewage facilities are proposed, a system for sewage and waste water disposal that meets municipal standards must be approved by the province prior to the approval of a development permit.

- (4) Site Plan Required:
 - (a) The operator of the long-term campground shall provide the development officer a plan of the campground, identifying any buildings, uses of land and the location trailer coach or recreational vehicle campsites with dimensions. The site plan shall also show internal circulation requirements, street widths, site access and egress, emergency access, parking areas, storage areas, toilet and laundry areas and recreational areas.
 - (b) The addition or rearrangement of campsites, the construction or moving of buildings, the material change in the use of the portions of land or the filling or clearing of land shall require a development permit and the operator shall submit for approval an amended plan incorporating the development.

- (5) Roads and Access:
- (a) The long-term campground shall be accessible by a registered, developed all-weather road.
 - (b) The number of access points shall be limited to control the entry and exist of vehicles. The access points shall also minimize interference with traffic flow and neighbouring uses. The location of these access points shall not route traffic through residential areas.
 - (c) Each campsite shall have direct and convenient access to a developed roadway which is not located in any required buffer area.
 - (d) The space provided for roadways within the long-term campground shall be at least 7.5 metres in width. No portion of any campsite, other use or structure shall be located in any roadway or required buffer area.
 - (e) The long-term campground and each site within shall have clear access and identification for emergency vehicles and personnel.
- (6) A long-term campground shall have within its boundaries a buffer area abutting the boundary of not less than 4.5 metres which shall contain no buildings.
- (7) The individual campsites shall not be fenced. A fence may be erected around the perimeter of the long-term campground property and shall form part of the development permit application.
- (8) Long-term outside storage of materials within individual campsites is prohibited; except as may be permitted in Section 3.13(1)(d).
- (9) Each Trailer Coach or Recreational Vehicle shall be located at least 4.5 metres from any other Trailer Coach or Recreational Vehicle and each campsite shall be in dimensions sufficient to allow such Trailer Coach or Recreational Vehicle and shall have at least one vehicular parking space provided on site in addition to the parking space for the Trailer Coach or Recreational Vehicle.
- (10) *The Public Health Act*, and associated regulations, shall be complied with in respect to all operations and development of the campground.
- (11) Council will consider applications with respect to the following criteria:
- (a) the long-term campground site is located with convenient access to the recreational features or facilities that it is intended to serve
 - (b) the size and shape of the parcel and the design of the long-term campground will ensure that each site is accessed from an interior roadway
 - (c) there is a water source suitable for public consumption at the campground
 - (d) there are suitable utilities, sewage disposal systems and facilities for the campground
 - (e) the development will not be in conflict with adjacent uses or uses currently on site.

3.14 Vegetation Removal

- (1) Council shall refer development applications to Federal and/or Provincial agencies for comment on FireSmart vegetation management, FireSmart structural options and FireSmart Infrastructure in areas where the potential threat from wildfire exists.

- (2) The removal of vegetation shall not be permitted within 30 m (98.5 feet) of a shoreline except for the construction of pedestrian access ways or buildings, or the removal of dead or diseased trees provided that all other permits are in place.
- (3) For building constructions, the removal of trees further than 2.0 m (6.5 feet) from the building shall not be permitted unless it is recommended from the Federal and/or Provincial agencies that trees be removed and/or replaced by resistant vegetation through consultation with the Province.
- (4) Driveways (access ways) shall not be cleared more than 5 m (16 feet) or less than 3.7m (12.13ft.) in width. Driveways longer than 90m shall have a turnaround at the end with a radius of at least 15 m (50 feet) to accommodate emergency vehicles.
- (5) If the developer can demonstrate a compelling need for the removal of vegetation, including tree removal, within the 30.0 m (98.5 ft.) setback, Council may consider approving the necessary removal subject to the developer providing the following information:
 - a) reasons for the proposed vegetation removal;
 - b) A description of the vegetation to be removed;
 - c) A Site Plan with dimensions showing the area to be developed and any significant natural features on and adjacent to the area to be developed;
 - d) A proposed schedule for vegetation removal and hauling,
 - e) The proposed access and haul routes,
 - f) Plans for site restoration (any vegetation proposed to be replaced shall be native to the area).The replacement or restoration of vegetation near or adjacent to buildings should be deciduous trees or shrubs or maintained lawns.
- (6) When considering vegetation removal within the 30.0 m (98.5 ft.) setback, Council shall have regard for the environmental significance of the area to be cleared and the potential impacts on adjacent lands, particularly as follows:
 - a) Visual and geotechnical impacts along all lakeshores within the RM of Canwood.
 - b) Pursuant to the Basic Planning Statement, Council may refer any application to Federal and/or Provincial agencies to determine if an environmental assessment for a site proposed for development if the site contains natural hazard features such as sloughs and/or extensive tree cover. The environmental assessment may identify and evaluate the environmental significance and sensitivity of existing vegetation, wetlands, other water features, wildlife habitat and unique physical features, and shall recommend appropriate measures for protecting significant features.
- (7) For the purposes of this Bylaw, tree clearing does not include permitted commercial logging operations.

3.15 Grading and Levelling of Sites

- (1) To provide for adequate surface drainage, any proposed subdivision and/or development site shall be graded and levelled to a standard approved by the municipal engineer at the owner's expense and the owner shall ensure that the surface drainage will not adversely affect adjacent property or the stability of the land.
- (2) To prevent erosion, all excavations or fillings shall be re-vegetated with a suitable groundcover.
- (3) For any proposed excavation or filling in an environmentally sensitive area or in an area subject to flood, shoreline erosion or slope instability hazards, Council will refer the application to appropriate Federal and or Provincial agencies and other organizations to evaluate the proposal before making a decision on issuing a development permit.
- (4) For any proposed excavation or filling in a heritage sensitive area, Council shall refer the proposal to the Federal and/or Provincial agencies for their review.

3.16 Fire Risk

Where Council deems appropriate, a wildfire risk assessment may be required to provide recommendations for Fire Smart development.

3.17 Municipal and Environmental Reserve

Council shall consider the following for any development and/or uses on Environmental and/or Municipal Reserve Lands:

- (1) There must be appropriate public access to the use.
- (2) All stairs and boat docks must be and must appear to be open to the public.
- (3) Stairs and boat docks are limited to one per every subdivided lot.
- (4) All stairs must be approved by the RM's building inspector.
- (5) Permits for stairs and boat launches may be referred to the Department of Fisheries and Oceans Canada and the Ministry of Environment for review.
- (6) The maximum size for boat docks shall be no more than 2 meters in width and must not extend more than 20 meters from the shoreline.
- (7) By the recommendation of the RM's building inspector, any stairs and boat docks may be removed and the land restored at such time as they become abandoned, become a hazard or ownership changes hands.
- (8) Development will not occur if the shoreline area in front of a lakefront property has been deemed environmentally sensitive or restricted from development by either the municipality or other government agency.
- (9) Private boat docks, excluding launching docks, will not be developed at the lakefront portion of municipal walkways, roads or pedways.

~~3.18 — Parking of Recreational Vehicles Deleted [2018-09]~~

3.19 Discretionary Use Criteria and Standards [2019-04]

- (1) The following criteria shall be considered in the review of discretionary use applications:
 - (a) The proposal must be in conformance with all relevant sections of the Basic Planning Statement and Zoning Bylaw;
 - (b) The proposed location for the development shall be capable of accommodating the proposed use and providing sufficient separation to incompatible land uses;
 - (c) The necessity of the use and timing of the proposal is appropriate in consideration of demand and the existing inventory within the RM, where applicable to the use proposed.
 - (d) The proposal must be capable of being economically serviced including roadways and other supportive utilities and community facilities;
 - (e) The proposal must not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity or injurious to property;
 - (f) The proposal, including the nature of the proposed site, the size, shape and arrangement of buildings, and the placement and arrangement of lighting and signs, must be generally compatible with the height, scale, setbacks and design of buildings in the surrounding area, and with land uses in the general area, including safeguards to prevent noise, light, glare, heat, dust, odour or other emission from affecting nearby properties;
 - (g) The proposal must provide sufficient access and circulation for vehicle traffic the development will generate, as well as providing an adequate supply of onsite parking and loading spaces;
 - (h) The proposal must adequately address waste associated with the use and any receptacles required to do so may be required to be supplied by the developer; and
 - (i) The proposal must provide sufficient landscaping and screening and, where possible, shall preserve existing vegetation.
 - (j) The proposal is appropriately located, arranged and serviced in an environmentally suitable manner.
- (2) Upon approval of a discretionary use by resolution of Council, the Development Officer shall issue a development permit subject to any development standards prescribed by Council which shall be based on the following and the Act:
 - (a) Sites shall be landscaped, screened and fenced where necessary to maintain the character and amenity of the neighbourhood;
 - (b) A buffer strip and landscaping requirements may be required to separate adjacent uses;
 - (c) Council may attach special conditions to the development permit to regulate site drainage;

- (d) Adequate onsite parking and loading facilities shall be provided and maintained;
- (e) Adequate receptacles for refuse and litter shall be supplied;
- (f) Vehicle access points shall be provided in suitable locations so as to minimize traffic congestion and possible hazards;
- (g) The density, size, height and location of principal or accessory structures may be regulated so as not to detract from the character and amenity of the area;
- (h) Council may attach special conditions to the development permit to regulate sound, light, glare, heat, dust, or other emission, and limit hours of operation where it would detract from the amenity of the area; and
- (i) Any other applicable standard identified in this bylaw.
